➤ EDUCATION

**SIR PADAMPAT SINGHANIA
UNIVERSITY, UDAIPUR**

*Bachelor of Technology in
Computer Science -
Artificial Intelligence and
Machine Learning
2026 - Pursuing*

➤ TECHNICAL SKILLS

- Languages: C, Python, C++
- Concepts: Basic Data Structures, Problem Solving
- Tools: VS Code, Git (Basics), PowerPoint
- Learning: Data Structures & Algorithms

➤ INTERESTS

- Problem Solving
- Technology & AI
- Gaming & Strategy

➤ STRENGTHS

- Adaptable
- Analytical
- Collaborative

➤ LANGUAGES

English, Telugu, Hindi

➤ EXTRA-CURRICULAR ACTIVITIES

- Contributed to TRANQUIL, a student-focused stress management project, working on idea development and presentations
- Actively engaged in technical learning through presentations, problem-solving and exploring AI concepts

PROFILE SUMMARY

Highly motivated and forward-thinking B.Tech 1st-year student with a strong passion for technology, innovation, and problem-solving. Equipped with a solid foundation in programming languages such as C and Python, along with a growing proficiency in Data Structures and Algorithms. Demonstrates a keen analytical mindset and the ability to approach challenges with structured logic and creativity

Actively engaged in applying theoretical knowledge to practical scenarios through project-based learning. Contributed to the development of TRANQUIL, a student-focused stress management system aimed at addressing mental well-being challenges by providing structured and user-centric solutions. Through this project, gained exposure to ideation, solution design, and effective presentation of technical concepts, reflecting an ability to transform ideas into meaningful and impactful outcomes.

Shows a strong commitment to continuous learning by exploring emerging technologies, particularly in the field of Artificial Intelligence, including foundational understanding of concepts such as Generative Adversarial Networks (GANs). Actively enhances knowledge through self-learning, academic presentations, and hands-on exploration, demonstrating intellectual curiosity and initiative beyond the standard curriculum.

Possesses strong communication and interpersonal skills, with the ability to articulate ideas clearly and collaborate effectively within team environments. Known for adaptability, a proactive mindset, and the willingness to take initiative in dynamic and challenging situations. Demonstrates resilience, consistency, and a disciplined approach toward skill development and personal growth.

Deeply interested in participating in hackathons and innovation-driven platforms to gain real-world exposure, collaborate with like-minded individuals, and build scalable, impactful solutions. Aspires to continuously refine technical expertise while contributing meaningfully to projects that address real-world problems and create positive societal impact through technology
